Industry Update

GO DIGITAL. GO GLOBAL. GET FOUND.

Online demand is booming. It's a digital world now and the corporate housing industry is changing, *fast*.

- 500+ million people a month search the internet for furnished rentals.

Will your properties be found?

- are you still limited to a 9-to-5 office and phone?
- are you digital-ready?

An affordable integrated solution for marketing *and* operations

- web-based Aaxsys eliminates the need for hardware, software and paper. Fully-integrated operations couple with the Aaxsys Global Distribution Channel across all digital platforms for real-time marketing on aggregator giants Expedia, Booking.com, TripAdvisor, Trulia, Airbnb and more.

Don't get lost. Sign up at CHPA 2015 to join the digital world.
